“The Centrefold portable staging system includes many features for easy operation”

The stage has a lightweight but extremely strong extruded aluminium rim assembly, ensuring stability and enhancing manoeuvrability.

The folding mechanism has a positive-lock which ensures the halves of the platform lock securely in their upright position. Additionally, the rim provides integral mounting for a range of quick release accessories.

Guardrails available in 2 sizes

Option - Skirting

Options include steps and handrails in various heights
