

Technical Secification - Slimfold Table Trucks

Designed specifically for our Slimfold Tables, the Burgess range of Table Trucks provides a simple, efficient means of storage and transportation. The TTE/M Multipurpose Table Truck range provides “on edge” storage for round, half-round or rectangular tables. There is space for up to 10 tables, and internal divisions allow safe loading/unloading with removable end handles to secure the payload whilst in transit. The TT/F range of Table Trucks provides a simple solution for rectangular tables, allowing flat, stacked storage for up to 10 tables.

Features include:

- Tubular mild steel construction throughout, with ply boarding where required
- Pewter hammer finish powder coated frame
- Grey non-marking corner buffers
- Swivel and braked castors The tables feature a folding powder coated mild steel underframe
